

“City of Auckland, New Zealand Plans Future with Project Kickstart”

The Customer

Evelyn Legare, City of Auckland, New Zealand

The Challenge

Simplify creation of tasks and sharing of data.

The Solution

Evelyn Legare and the staff of the City of Auckland, New Zealand found that Project Kickstart simplifies their task gathering and sharing processes. According to Legare, “Our staff is really pleased with Project Kickstart. We use the linking feature to build budgets in Excel from a template that I created. Staff members use their Project KickStart tasks as the basis for estimating budgets and tracking actual costs.”

In addition to using Project Kickstart to develop tasks and budgets, Legare points out that, “The plans become part of our project management documentation system that will help staff plan future projects.”

The Benefits

For staff members of the City of Auckland, New Zealand, Project Kickstart offers:

- * Fast and detailed plans
- * Simple and accurate data sharing
- * Detailed plans for future projects

Project KickStart Pro 4

Project KickStart Professional 4 is our flagship project management software that enables companies and individuals to generate ideas, solve problems and increase efficiency. Pro 4 is powerful, yet easy to use, project planning and management software for dynamic business projects. The

step-by-step wizard expertly guides you through the quick steps for developing a plan. You’ll identify phases, goals, tasks, obstacles, solutions, and resources. You can schedule tasks and the professional Gantt charts let you set dependencies between tasks so date changes automatically update entire project plan. Choose reports for each phase of your project: including project planning, project management, and advanced Gantt chart reports to keep you informed of the latest project assignments, status, schedule and more.

If needed, you can export to the following: Microsoft Word, Excel, PowerPoint, Outlook, Microsoft Project, ACT! MindManager, or WBS Chart. Project KickStart Standard 4 is available for more basic projects.

“The plans become part of our project management documentation system that will help staff plan future projects.”
